

1. **Creating your account** (If you already have an account go to step 2)

Follow this link and create an account <https://accounts.manage-apprenticeships.service.gov.uk/service/signIn>

You will need your organisation's Government Gateway user ID and password or HMRC reference number. Your payroll or finance department should have these details. If your organisation has a payroll agent, please don't use the agent's login details. You will need to register for HMRC's online services if you don't already have Government Gateway information or HMRC reference number.

Ensure you view and accept the employer agreements before moving on to the next step.
